Really beautiful truck. Has new drop visor, bumper, new grill, new rubber all around, frame sandblasted, painted, new seats, show polished and detailed. Overhauled and tuned.
Note: This truck used to be a sleeper and has been converted to day cab. While hauling metal the load shifted and damaged the sleeper. You'll notice the professionally added body on the back of the cab enclosing where the sleeper cut out used to be. Due to this the title is rebuilt. It impacts no function or takes away from the appearance of the overall truck and is one of the nicests day cabs we have sold.
