Vehicle Description

I don't want to brag but this is one of the nicest used SUV's that I have seen in a long time. It has eighteen service history's on Car Fax so the previous owner took excellent care of it. And judging from the appearance both inside and out they took pride in ownership of their vehicle. This truck is loaded out with equipment as well. It has a power sunroof, entertainment, Bose sound system, heated and cooled seat both front and rear seats, steering wheel controls, dual power seats, lane sensors and much, much more. It runs and drives excellent and it has a brand new set of Michelin tires on it. We have all of our vehicles inspected for any mechanical or electrical issues and this one had no problems at all. Look at all of the pictures and I believe you will agree with me that it is a super nice vehicle. If you are interested in a nice SUV and don't want to spend the farm for one then you might want to come check this one out. We are a family owned and operated business in Texas since 1959 and we still do business in old fashioned way. Hand shakes and your word still work around here. If you would like to come in we ask that you try and make an appointment. You may do so by either calling or texting to 214-542-7794. We would appreciate the opportunity to earn your business. We do take trade in's and have Bank financing available. Look forward to hearing from you.
