This is a Texas vehicle that has been well cared for by its previous owners. It has a clean Car Fax history, and it is a super nice little SUV that gets excellent gas mileage. The leather interior is in good condition with no rips or tears and shows very little signs of wear. All of the power equipment works like it was designed to and the a/c is ice cold. When you get behind the wheel and drive this vehicle you will like the way it accelerates and responds. These Toyota's will run until the cows come home if you do the maintenance and take care of them. My niece works for a Toyota store and she owns one of these because they are so reliable and are gentle on this high-priced gas. We have had it inspected for any mechanical or electrical issues and the few little things that needed to be done were taken care of. Then we had it inspected and cleaned up. All this little SUV needs is a new home and someone that will be nice to it like the previous owners have. We are a family owned and operated business in Texas and take a lot of pride in the vehicles we offer for sale to our customers. Guess that might have something to do with the amount of time we have remained in business. We do offer Bank financing and we take trade-ins. We would appreciate the opportunity to earn your business if you are in the market for a vehicle like this. If you would like to make an appointment or just ask some questions, feel free to give Rocky Reynolds a call or text to 214-542-7794 and he will be happy to help you anyway he can.
