## Vehicle Description

2019 RAM 1500 Rebel

RAM's off-road capable Rebel trim received some enhancements over its 2018 predecessor. Larger 18" wheels newly equipped with Goodyear Wrangler DuraTrack tires are more efficient and quieter on the road than previous years. Additionally, Bilstein monotube dampeners provide the reinforced suspension over the standard 1500s coil system.

A 5.7L Hemi V8 cranks out 395 horsepower that sounds great through the dual exhaust setup. When combined with the low-end gearing and an electronic differential, this eight-speed automatic transmission can get you crawling impressively up loose, steep terrain. Skid plates along the bottom will protect the undercarriage in rough passages, too.

The cabin is outfitted with options modern and luxurious; take for example the leather seats with stitching to match the Goodyear tread. Loaded with tech features like Dodge's Uconnect touchscreen infotainment system. Both driver and passenger will enjoy their heated seats in the frigid Great Lakes winters.
