<b>Interior:</b>	Black
<b>Mileage:</b>	20,512
<b>Drivetrain:</b>	4 Wheel Drive
<b>Economy:</b>	City 11 / Highway 17

## Vehicle Description

2020 Jeep Grand Cherokee Trackhawk

You're going to need the K40 radar-jamming system that has been installed on this AWD SUV. The Jeep Grand Cherokee Trackhawk is a supercharged 6.2L V8 monster that can accelerate to 60mph in 3.5 seconds. If that doesn't blow your socks off, consider that it weighs nearly 5,000lbs. There isn't another SUV from the American market that can compete unless you consider the Trackhawk's little brother, the Grand Cherokee SRT. The differences that set the Trackhawk apart are subtle until you turn it on. A more aggressive aero front, "supercharged" badge and a hood with appropriate clearance for the supercharger are a couple of the characteristics indicative of the presence of a Hellcat.

This Jeep has been meticulously maintained and lived its life in the southern states away from snow & salt. Window tint finishes the blackout look on the exterior - only broken for the flashy yellow calipers installed from the factory. The black leather interior is equipped with some of the more advanced tech available in domestic SUVs: lane-keep assist, heated & cooled seats and navigation are just a few of the many features included in the Uconnect infotainment system.

Come take this Trackhawk for a drive today.
