The biggest mistake you will make is trying to judge this 1 owner, very well maintained truck by the miles, comes with a clean CarFax report verifying the 1 owner, no accidents or any other problems, and also showing all the service history from day 1.

The 1 owner was Oncor Electric who are renowned for taking excellent care of their rolling stock. Therefore it looks, runs, rides, drives and stops just as Ford designed it to. You can find the same truck with less miles and 10-12k more money but it will be no better than this one. As you can see it has never carried a load just some tool boxes that are also very lightly used. And for your peace of mind we will include a 3 months unlimited miles powertrain warranty at this price, that can be extended to 48 months.

These Reg cab 4x4 trucks are extremely hard to find and very desirable. If you are an outdoors person, hunter, fisherman etc this is perfect it won't high center and you can store all your gear in the toolboxes that are lockable. If you are not in need of the toolboxes we can remove them for you.

Be sure to check this one out before you buy, you will save thousands and get a really good vehicle with lots of life left in it.

You will certainly love the truck and the very laid back, no pressure way we do business.

Ideal for the plumber, HVAC, electrician, construction, landscape, garage door, remodeler, countertop and glass business and so much more.
