2008 Chevrolet Corvette Z06

This is a 1-owner Z06 with only 3,500 miles on it. You will not find another '08 Z06 that has had only one owner in it's time and driven less than 300 miles/year. This car is nearly new. Both the interior and exterior are clean and in good order.

The black & red leather bucket seats are comfortable and every control is within reach. The radio pipes out of Bose premium speakers. The driver will enjoy the heads-up display with a tachometer to assist with shifting. GM engineers tuned the suspension differently in the Z06 to perform better in corners than other Corvette trim packages.

Under the hood is a 7.0L 427 LS7 making 505 horsepower and 470lb-ft of torque. The Z06 only came with the 6-speed manual transmission and the clutch feels just right. This is the perfect car for Corvette enthusiasts, especially as General Motors transitions away from the V8 Corvettes. Come see this in our showroom today.
