We are proud to offer you this 2017 Ford

Mustang GT Supercharged with Many Upgrades for sale!

This modified 2017 Ford Mustang GT is an aggressive example of high-performance American muscle. Under the hood, a 5.0-liter V8 engine that produces 435 horsepower and 400 lb-ft of torque has been extensively modified with a Roush supercharger, BBK long-tube headers, and a Ford Racing exhaust system, among many other things. Between the supercharger and extensive supporting modifications, this muscle car's power output is drastically increased, as is the sound from its exhaust. Painted in a bright Race Red and fitted with a Weld Racing drag pack complete with 17" rear beadlocks, 18" front wheels, and Mickey Thompson slicks, this thoroughbred American muscle car attracts all sorts of attention due to its aggressive looks. The interior is no less exciting, either, coming equipped with cloth bucket seats, an infotainment with Bluetooth, phone connectivity, and rear camera, and a flat-bottomed leather steering wheel, among many other features.
