This car was just traded in from one of our good customers. It has a good clean Car Fax history with no accidents. The couple that traded it in needed a pickup now instead of an SUV so they traded it in. Just before trading it they had a car check done at Honda Cars of McKinney and everything checked out good on it. Just recently they replaced the front struts and had it completely checked over. This little SUV runs and drives excellent and get's real good gas mileage. It only has 135K miles on it which is very low for the year model. The interior looks like new and the exterior paint still shines good. The tires are at about fifty percent tread wear remaining for your good for now. All of the options on it work like they were designed to as well. Take a look at all of the pictures and see what you think. If you like what you see and would like to come in and check it out please give Rocky Reynolds a call at 972-943-7799 and he will be happy to accommodate you. We are a family owned and operated business in Texas since 1959 and look forward to being here much longer. We would appreciate the opportunity to EARN your business.
