Vehicle Description

AutoPark Dallas is thrilled to offer you this Incredible 2020 Audi R8! Typically the Audi R8 is the more elegant brother to the Lamborghini Huracan, our R8 is not that. This car looks insane in comparison to a regular R8. The professionally installed Olive Green wrap paired with the Vossen Wheel immediately give it a great look from a distance, but when you see this car up close in person its truly something special. The \$15,000 Capristo Carbon Fiber body kit and factory carbon side vents give you a 1 of 1 look. On the front end you have an insane carbon fiber front lip with the optional carbon fiber Canards! Coming to the back of the car we have a massive carbon fiber diffuser and gorgeous carbon fiber swan neck wing that fugits the car incredibly well. All in all this R8 is truly one of a kind. Mechanically the car is untouched so you can retain the factory reliability, so you can show this piece of art off at every chance! It wont last long here, currently parked as our Podium Vehicle in our office Space next to our 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
