We are proud to offer you this 2015 Nissan 370Z NISMO Tech Widebody Show Car with

Many Upgrades for sale!

This 2015 Nissan 370Z Nismo Tech is a high-performance sports car with a long list of modifications. Under the hood, a 3.7-liter V6 engine produces 350 horsepower and 276 lb-ft. of torque, all of which is delivered to the rear wheels through a six-speed manual transmission. However, this powertrain has been modified with Injen twin cold-air intakes, Kinetix high-flow cats, and many other aftermarket parts to improve both its output and sound. Where this car truly shines, however, is the exterior. Complete with a fully molded Niko widebody kit, a carbon fiber EVO-R rear spoiler, bag suspension, and three-piece Work CR3P wheels, this Japanese sports car turns heads in a way that few other cars can. The interior is no less exciting, either, been fitted with Braum Elite bucket seats with harnesses, a Carismo forged carbon steering wheel, and twin 10" subwoofers, among many other things, making this car a truly one-of-a-kind show build.
