Low Mileage 2006 Dodge Magnum SRT8 For Sale

This blacked-out Magnum packs an intimidating punch. Yes, those are Mickey Thompson tires on Hellcat wheels with Brembo brakes. Given the cold-air intake, Kooks headers, BT catch can and Flowmaster exhaust you might need all that grip and stopping power. When you fire it up the Flowmaster growls, turning into a roar as you accelerate.

Under the aftermarket fiberglass hood is a 6.1L Hemi V8 that produces 425 horsepower when stock. A 5-speed automatic transmission handles the gears although you can move through them manually with the shifter if you so choose.

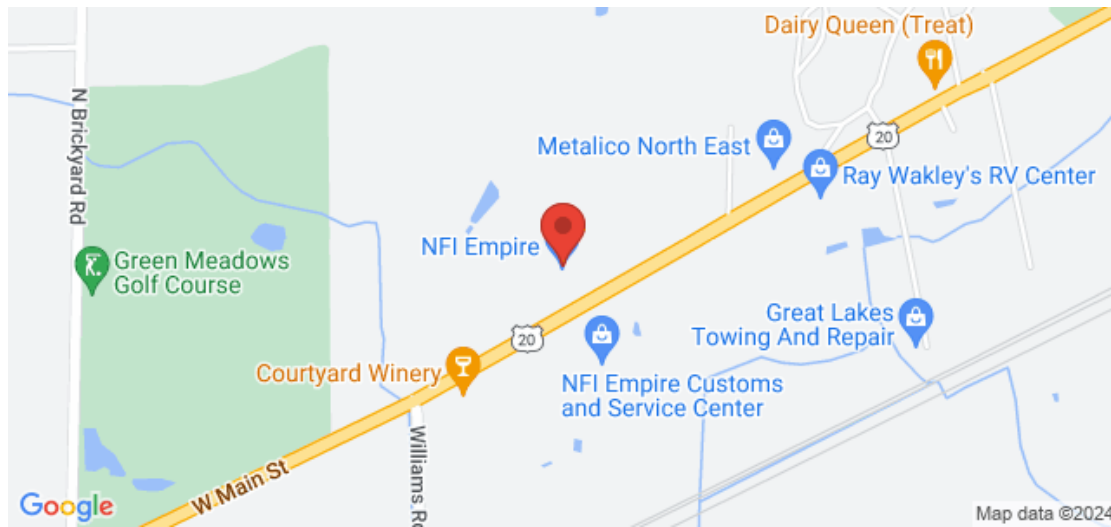

The infotainment system has been overhauled to include internet radio, navigation and Bluetooth/. It even connects to a rearview camera when the car is in reverse. You have to see this beast in person and take it for a drive.
