This little Toyota Corolla S Type is about as clean as they get for the year model. The interior is all but flawless and it has no rips or tears or burn holes. We took this car in on trade for an SUV because the girl outgrew this little sedan. It got her through college and then some but she was in need of more room. It has a new paint job because the old paint faded out from setting in the sun. This car runs and drives excellent, has an almost new set of tires and all of the equipment works like it was designed to. We have had it checked by a certified mechanic for any thing that might need done to it so everythingus up to par. This is a cash only vehicle and no we do not do inhouse financing. This will make someone a very good means of transportation withouthaving to spend a ton of money. If you are interested in coming in to check it out,please give Rocky Reynolds a call or text to 214-542-7794 and he can set up a good time for you to come in. We are a family owned and operated business in Texas since 1959 and would like to put you on our list of satisfied customers.
