The current family has owned this car since 1985. It was purchased in El Cerrito as a display and advertising vehicle for a new business that sold Shelby, Mustang and Cougar parts. In the 1990's that brother took the engine compartment apart for detailing and unfortunately passed away. Fast forward to 2022 and the remaining 2 brothers that inherited the car have decided to remove it from the barn and sell it.

Unfortunately, some of the parts have gone missing over the years but check the photos for all of the parts I found in the trunk. Original color combination of highland green exterior with a black vinyl interior and white convertible top. Paint looks good and usable under the dirt. Matching #'s 428 engine and 4 speed transmission. Car rolls fine. Currently not running but engine turns over by hand. Clean California title in-hand as well as a current registration for easy transfer.
