We are proud to offer you this 2012 Volkswagen GTI Widebody with Many

Upgrades for sale!

This 2012 Volkswagen GTI is a modified hot hatchback that has been built to turn heads. Under the hood, a turbocharged 2.0-liter inline four-cylinder engine produces 200 horsepower and 207 lb-ft of torque, all of which is sent through a six-speed automatic transmission to the front wheels. The engine is not stock, however, having received a Spectre cold-air intake and an aftermarket exhaust system, among other things, that give this car both more power and an outstanding sound. This fiery Volkswagen comes equipped with 18" MRR Design multi-piece wheels, and its exterior has a unique deep purple and black hue that makes this car even more unique. Additionally, several cosmetic mods, including aftermarket LED rear turn signals, a Castrol Cup-style widebody kit, aftermarket front and rear bumpers, an aftermarket hatch-mounted spoiler, tinted taillights, and an aftermarket grille adorn the exterior of this show build, making it even more unique. In the interior, this GTI offers cloth bucket seats, a flat-bottomed leather "GTI" steering wheel, "GTI" floor mats, and a stereo system with AUX, AM/FM radio, CD, truly making this car the complete package.
