## Upgrades for sale!

This 2012 Mazda MazdaSpeed3 Touring is one of the most underrated hot hatchbacks ever made. Under the hood, a turbocharged 2.3-liter inline four-cylinder engine produces 263 horsepower and 280 lb-ft of torque, all of which is sent through a six-speed manual transmission to the front wheels. The engine is not stock, however, having received a Cobb cold-air intake, an upgraded top-mount intercooler, and a CorkSport exhaust system, among many other modifications. This Mazda comes equipped with 18" Konig Flow Formed wheels and is wrapped in matte black, giving the car an even more menacing appearance. Additionally, several cosmetic mods, including a carbon fiber hood scoop, an aftermarket hatch-mounted spoiler, a Cobb rear window wiper delete, and tinted taillights, adorn the exterior of this tuned beast, making it even more unique. In the interior, this Mazdaspeed3 offers leather bucket seats, a Cobb shift knob, multi-zone A/C, MazdaSpeed gauges, and a Pioneer infotainment system with Bluetooth, phone connectivity, and AUX, truly making this car the complete package.
