Additional pictures are posted on I-95 Muscle's direct website.

When Chevrolet decided to give the GM full-size pickups and SUVs a facelift in 2019 it was met with mixed reactions. I think it has grown on a lot of people as these are one of the most popular full-sized SUVs at the moment. This one is no exception. From the impressive 5.3L direct injected V8 under the hood to the 10-speed automatic sitting behind it, this Tahoe performs exceptionally and leaves nothing to be desired. A beautiful black on black scheme completes the completely unintentional FBI look for this thing with the interior being leather throughout. Very modern looking projector headlights pair nicely with the LED daytime running lights and give a very clear night driving experience. The modern technology inside is no different, we have a panoramic sunroof and a huge infotainment system. The backup camera has to be one of the clearest I've ever seen, like a true 1080p or something. I'm sure this one won't last long so swing by and see it before it's too late. Financing is available and trades are welcome!
