Additional pictures are posted on I-95 Muscle's direct website.

This beautiful orange F100 comes to us at a really affordable price. It is a 1976 F150 Explorer (also referred to as a dent side), and it's been upgraded with a newer 302 Cubic Inch small block Ford engine, that is sitting in front of an automatic three-speed transmission. This truck rides and drives quite nice. Other than some minor cosmetic flaws (like stains in the windshield glass) this truck is really solid and deserves a home where it'll be driven and appreciated. We encourage trade ins and will be more than happy to assist you with your financing needs. Please swing by and see this truck or give us a call today.
