Vehicle Description

AutoPark Dallas is thrilled to offer you this 2001 CORVETTE Z06! Our Corvette over here at APD is in amazing condition for its age! Currently, in an unmodified state other than the exhaust, this corvette is exactly how the engineers at GM designed it to be. Near the end of the C5 generation, this Z06 is backed behind the redesign and major improvements from its older years. Thanks to the weight reduction in parts and powered by the LS6 Engine, this Z06 was on par if not better than the C4 ZR-1 counterpart. GM didn't hold back with making a powerful coupe and this Z06 is making a solid 405 Horsepower! Come check out this beautiful Corvette parked in our indoor 16,000 Sq Ft Showroom located in Dallas , Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
