Here we have a solid rust free 87 K10 with a new GM Performance 350, rebuilt transmission, and rebuilt axles. It has a 4" lift kit, 33x12.50 Mastercraft tires, a steel cowl induction hood, and a fresh paint job. It isn't a \$9,000 paintjob, but it also isn't a \$40,000 truck. This is a truck that looks good, drives good, and isn't so perfect that you have to worry about limb heights when you bomb down a trail. The interior has caught a few upgrades over the years, including a tufted leather bench seat, matching door panels, and a matching dash pad you'll find in the bed. It is a Silverado package which gives you power windows and a few other goodies. This truck starts every time and is ready to drive wherever. Financing is available and trades are welcome, so call or click today!
