## Vehicle Description

AutoPark Dallas is thrilled to offer you this practically brand-new 2023 Range Rover for sale! The 2023 model represents the most luxurious Range Rover yet, the brand's largest SUV comports itself through traffic regally, with a smooth ride and a hushed interior. Venturing off-road is certainly an option for Range Rover owners; all-wheel drive is standard and the air suspension can be raised to provide extra ground clearance—although we know that few will actually dare to subject this rolling art piece to such indignity. This Big Body SUV is truly the next generation that every luxury manufacturer is going to use as the bar to try and beat. If you're looking to upgrade the family vehicle or just want an amazing SUV then look no further this Range Rover is currently parked in our indoor 16,000 Sq Ft Showroom located in Dallas , Texas amongst our inventory of 100+ other Performance / Modified and Luxury cars!
