Camaro 2SS with many upgrades for sale.

This 2017 Chevrolet Camaro 2SS is a top-tier modern American muscle car. Under the hood, a 6.2-liter V8 engine produces 455 horsepower and 455 lb-ft of torque, all of which is sent through an eight-speed automatic transmission to the rear wheels. The engine is not stock, however, having received a Cold Air Inductions cold-air intake, MSD spark plug wiring, and aftermarket long-tube headers, among many other modifications. This performance machine comes equipped with 20" MRR M228-style wheels and is finished in Black, making its sleek lines look even more aggressive. Additionally, several cosmetic mods, including aftermarket taillights, a vented hood, aftermarket sidemarkers, and aftermarket canards, adorn the exterior of this Chevrolet, making it even more unique. In the interior, this 2SS-packaged Camaro offers heated and ventilated leather bucket seats, a flat-bottomed leather "Fifty" steering wheel, multi-zone A/C, selectable drive modes, a heads-up display, ambient interior lighting, and an infotainment system with Bluetooth, navigation, apps, and a rear camera, truly making this car the complete package.
