Electric bikes are an excellent means of transportation. Add in the additional stability and comfort of this beautiful electric trike and you might never stop riding. 500 watt front wheel mounted motor has plenty of power to get you around town and even over bridges. The high capacity 12.5 Ah battery means less time charging between rides. Perfectly integrated headlight and taillight for additional safety for day and night driving. The easily adjustable folding stem requires no tools for on the fly height adjustments. Fully folding frame and telescoping stem allows this trike to fold up for convenient travel and storage. Comes with a large rear basket for keeping all your items safe and secure. This foldable fat tire trike is everything you could want from an electric bike. Touting all the best bells and whistles you are sure to be riding in comfort and style.
