With only 26,441 miles on the clock, this beauty has been meticulously maintained and is ready to provide its next owner with many more years of driving pleasure.

The first thing you'll notice is the sleek, black exterior. It's the kind of color that commands attention, yet remains elegantly understated. This car isn't just about looks, though. Beneath that sleek shell lies a 3.0L (183) DOHC 24-valve in-line 6-cylinder engine with variable valve timing. This powerplant is renowned for its smooth, linear power delivery, and it's just as happy cruising along on the highway as it is flexing its muscles on a twisty back road.

The 5-speed manual transmission with direct 5th gear adds another layer of engagement to the driving experience. Every gear change is a tactile pleasure, and the direct 5th gear ensures that you'll always have plenty of power on tap when you need it. Whether you're an experienced manual driver or looking to learn, this Z3 is an absolute joy to drive.

Inside, the black interior creates an atmosphere of sophistication and sportiness. With the soft black leather seats, rest assured that BMW is known for its high-quality interiors. The seats are supportive and comfortable, the controls are logically laid out, and there's a sense of solidity and craftsmanship that's missing from many modern vehicles.

As for manufacturer options and packages, BMW is a brand that prides itself on providing a high level of standard equipment. This Z3 is no exception. From the moment you slip behind the wheel, you'll appreciate the attention to detail and the focus on driver comfort and convenience.

In conclusion, this 2001 BMW Z3 3.0i is a fantastic opportunity to own a piece of BMW's illustrious history. It's a car that offers a unique blend of style, performance, and luxury, and it's just as relevant today as it was when it first rolled off the production line. Don't miss out on this opportunity. Cars like this don't come around often, and once it's gone, it's gone.
