we are proud to offer you this 2017 Ford F-150 Raptor with Many Upgrades for sale!

This 2017 Ford F-150 Raptor is one of the most capable factory performance trucks ever produced. Under the hood, a twin-turbocharged 3.5-liter V6 engine produces 450 horsepower and 510 lb-ft of torque, all of which is sent through a ten-speed automatic transmission to the driver's choice of all four wheels or just the rears. This truck comes equipped with 17" Icon wheels and is finished in Magnetic Gray Metallic, a sleek color that is only accented by the bright white door liveries. Additionally, several cosmetic mods, including a Rhino Rack Reconn-Deck bed rack, "Raptor" running boards, tinted headlights, and a vented hood adorn the exterior of this Ford, making it even more unique. In the interior, this Raptor offers heated and ventilated leather "Raptor" seats, multi-zone A/C, a sunroof and a moonroof, additional auxiliary switches, and an infotainment system with Bluetooth, navigation, and a rear camera, truly making this truck the complete package.
