Well now here's a vehicle that needs no introduction. Everybody loves a Fox body. Even if you're not a Ford guy or gal, the Fox body is a staple in the racing community. But what about the Measley 225 HP that this thing comes stock with? Easy, that's been remedied with a Vortech V1 Supercharger helping push this baby up over 330 HP. The 5.0 is backed by the T5 transmission and shifts through all of the gears smoothly. That's actually not the coolest part about this car. The paint is in great shape, the car runs absolutely perfect and everything and I mean EVERYTHING works. It drives almost like I imagine a new 1989 Mustang would drive, but with modern V8 power. The interior is super clean, and this car really needs nothing except a new owner and garage space to call home. We'll gladly help you with all your financing needs and also assist in trading so let's make this thing happen.
