If you've been holding out for a CLEAN F-Body, we've got good news for you! This 1995 Camaro Z28 Convertible has just 31,700 miles on it and is truly spotless inside, outside, over, and under. The Bright Red factory paint is as glossy as you'd expect a garage kept two owner NC car to be. The Graphite leather interior has no faded areas or cracks... and the dash is even in ONE piece! It comes with a nearly impossible to find 3 Piece Parade Cover for the top when its down along with the storage bag that fits in the hatch well. This 90's spectacle has it's factory 5.7L LT1 and 6 speed manual transmission helping it stand out in any parking lot of 4 banger automatics. The top is in just as good of shape as the rest of the car and goes up and down just like new. I guess low mileage cars really do have benefits, and this one checks off the entire list. Both power windows work like new, the A/C is crisp cold, the clutch feels perfect, it has no leaks or seeps, the tires have under 5,000 miles on them, and the battery holds it's charge with no tender. The seller priced it low for a quick sale, but this car is FAR OVER average condition. We're talking museum quality here folks. Financing is easy and trades are welcome. Call, click, or come by before someone else does. This is one that you don't want to miss!
