## Vehicle Description

AutoPark Dallas is thrilled to offer you this **1992 Hummer H1 Humvee** for sale! When AM General began producing the Humvee for their US military contract in 1984, little did they know they would see the level of demand for the vehicle throughout its years of production - demand from both government contracts, as well as sky high civilian demand. While AM General produced the civilian version Hummer H1 from 1992-1996, the military production Humvees experienced production for a much longer timespan, but rolled off the assembly line right next to their civilian counterparts with the vast majority of components being shared between the two (the H1 models were simply painted and finished out in a separate building). This particular example is a true Humvee, having been produced originally for non-civilian use and then being converted into its current state after being decommissioned. It is a true, rugged, military grade Humvee, with a laundry list of upgrades to make it a great road worthy original Hummer option - upgrades include a **Custom Exterior w/ Rhino Lining Full Custom Interior Finish Out 3000W Sound System w/ CarPlay, Upgraded Big Brakes, and LED Headlights** as well as **LED Front/Rear Light Bars**. The **ORIGINAL 6.2L Detroit Diesel V8 Engine** as well as the **4-Speed Automatic Transmission** has been retained and recently overhauled to ensure top working order, as well as a new water pump having been performed. The road present of this Humvee cannot be understated, with a go anywhere and do anything attitude. With the civilian version Hummer H1 models having absolutely skyrocketed in value, the military grade Humvee models with proper modifications to make it civilian friendly are a superb option at a significantly better price point! DO! NOT! HESISTATE!!! To swing by and check out this **H1 Humvee** that we have parked here in our indoor 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!

The team here at AutoPark Dallas, is dedicated to offering a level of customer service not usually found in the automobile industry. Thanks to years of extensive car buying / selling experience, we pursue quality used and new vehicles that are hand-picked from factory sources. Our love for automobiles and dislike of traditional dealership tactics is what motivates us to provide the service we do! The pride we take in continuing this service long after the vehicle has been delivered is what we strive for! Looking forward to making every effort to see that our customer is completely satisfied and a friend for life!

**Pre-purchase inspections are always welcomed!**

We also offer airport pick-up, competitive financing options, free CARFAX Reports, Car Shipping nationwide, Extended Warranty plans, and so much more!
