## Vehicle Description

AutoPark Dallas is thrilled to offer you this 1963 Chevrolet Nova Coupe for sale! The Chevrolet Nova has long been an ideal platform for a great classic muscle car restoration and build project - the ease of engine swapping these Novas for higher displacement and power, coupled with the relatively lightweight and small stature of particularly the 2-door coupes, makes these restorations and builds come naturally. This particular Nova has undergone a **complete restoration roughly 8k miles ago**, and still look very fresh. With the entire vehicle gone through, from the **283 CI V8 Engine** with a **Mild Comp Cam**, to the **Powerglide Automatic Transmission**, along with pretty much new everything else including a **Refinished Black Leather Interior and Headliner**, quite a bit of expense and time has gone into this Nova build. The **Bright Yellow Exterior** is guaranteed to turn heads, and both the **Engine and Transmission have been newly rebuilt less than 500 miles ago** so you can rest assured this is one build you can depend on that won't require a complete teardown in the near future. Come check out this mildly hot-rodded Nova, and make it yours to enjoy! DO! NOT! HESITATE!!! To swing by and check out this Chevy Nova that we have parked here in our indoor 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
