We are proud to offer you this 2021 BMW M4 with Over 30k in Upgrades for sale!

This 2021 BMW M4 is a top-tier example of German performance. Under the hood, a twin-turbocharged 3.0-liter inline six-cylinder engine produces 473 horsepower and 406 lb-ft of torque, all of which is sent through a six-speed manual transmission to the rear wheels. The engine is not stock, however, having received Burger Motorsports twin cold-air intakes, an aftermarket catless downpipe, and a JB4 tune, among other modifications. This BMW comes equipped with 19" BMW wheels and is wrapped in an eye-catching holographic blue that makes this car incredibly noticeable. Additionally, several cosmetic mods, including a Vorsteiner carbon fiber front bumper, a carbon fiber ducktail spoiler, a carbon fiber rear spoiler, and a carbon fiber front lip, adorn the exterior of this beast, making it even more unique. In the interior, this M4 offers heated leather bucket seats, a forged carbon steering wheel, multi-zone A/C, push-to-start, a rear seat-mounted half-cage, a heads-up display, selectable drive modes, and an infotainment system with Bluetooth, navigation, vehicle status, and rear and 360 degree cameras, truly making this car the complete package.
