Vehicle Description

AutoPark Dallas is thrilled to offer you this 2001 Porsche Boxster S for sale! The first generation of Boxster was a bit controversial at the time it was released, as Porsche began straying away from their mainstay of the 911 recipe they had built the company on and become so well known for. Fast forward to today, and these vehicles are now coveted as the beginning of something new that Porsche had discovered - the desirability for a beautiful mid-engine enthusiast sports car that wouldn't break the bank! The 986-generation Boxster S delivers just that, with an uncompromising take on convertible sports performance, in a way that only Porsche could accomplish. This particular example is in great shape for the mileage and well equipped with options, including the **Sport Chassis** suspension for a sportier ride, **Porsche Stability Management (PSM)**, and the upgraded **Sport Design Wheels**, among other equipment. The **Lapis Blue Metallic** exterior beautifully compliments the **Cinnamon Brown Leather** interior, to not only provide that Porsche curb appeal but the performance to back it up! Being an S model, this of course has the larger displacement **3.2L Flat-6 Engine**, so you can really feel the extra performance over the base model. DO! NOT! HESITATE!!! To swing by and check out this Boxster S that we have parked here in our indoor 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
