Vehicle Description

AutoPark Dallas is thrilled to offer you this 2011 Porsche Cayenne S for sale! Nothing really compares to the drive of a Porsche - whether it's behind the wheel of a Cayenne, a 911, or a Boxster, the brand prides itself on that distinct Porsche connected drive and feel. It's no surprise then that the Cayenne completely changed the luxury and sports SUV segment when it was released, and has only gotten better with age! This Cayenne S is certainly no exception and has been very well cared for, showing its age and mileage very well (and very little)! This particular example also has the benefit of coming very well equipped from the factory with key options including **Heated Front/Rear Seats**, **Lane Change Assist**, **Bose Audio Package**, **Heated Multifunction Steering Wheel**, and **Reversing Camera**, among numerous others. The classic color combination here of the **Sand White exterior** over the **Luxor Beige Leather interior** really sets off the luxurious appearance, and is also beautifully accented by the **Walnut Interior Package** to really pull it all together. Needless to say, this is one example you won't want to miss! DO! NOT! HESISTATE!!! To swing by and check out this Cayenne S that we have parked here in our indoor 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
