Vehicle Description

AutoPark Dallas is thrilled to offer you this 2016 Cadillac CTS-V Hennessey HPE1000 for sale! This is NOT your average Cadillac CTS-V - this absolute beast of a V comes equipped with the **Hennessey HPE1000 Engine Upgrade**, producing roughly 1000bhp after the world renowned performance tuners massage the entire engine. The build covers everything in the motor from **Custom Camshaft** to **Ported Cylinder Heads**, **Long Tube Headers**, and much more!! Better yet, a **Texas Speed & Performance Crate Engine** was supplied as the basis for the Hennessey build - truly two of the best names in the business! Service records are on hand dating all the way back to 2018, including all of the upgrades and routine maintenance. Prior ownership also had a beautiful **Matte Black Full Vehicle Wrap** completed on the vehicle to reflect the sinister performance on the inside and really complete the package. From the factory this V came well equipped, with options including the **Recaro High Performance Seats**, **Ultraview Sunroof**, and the **Suede Steering Wheel and Shifter** - all great options. Simply put, this is one of the baddest CTS-V models on the road, and should not be missed! DO! NOT! HESISTATE!!! To swing by and check out this CTS-V HPE1000 that we have parked here in our indoor 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
