Vehicle Description

AutoPark Dallas is thrilled to offer you this 2014 Subaru BRZ Limited for sale! The Subaru BRZ came to market produced in a joint deal between Subaru and Toyota, and was squarely aimed at the entry level enthusiast looking for a purist rear-wheel drive and true manual gearbox experience that wouldn't break the bank - to say they knocked it out of the ballpark would be an understatement, as demand has always been sky high for the model, continuing the legacy of purist sports car enthusiasm in the community. This particular BRZ takes that winning recipe and dials it up a notch, with an appearance that truly fits that enthusiast community. A **Rocket Bunny Aero V2 Widebody Kit** has been fitted to the vehicle to give that unmistakable appearance and stance that JDM enthusiasts gush over, along with **ESR Performance Wheels** and a **Modified Exhaust** to free up some sound along with a bit of performance. Under the hood, the rest of the vehicle has been left largely untouched, leaving the perfect platform for an enthusiast to build out a performance monster, or simply leave it stock and enjoy as is knowing that you've got the appearance and stance that will turn heads. Of course, the **6-Speed Manual Transmission** features in this BRZ, and the **World Rally Blue Pearl exterior** perfectly compliments the Subaru appearance, with the widebody kit beautifully matched to make it a seamless package. This is one BRZ that won't last with a **Clean Carfax** and killer appearance, so come see what all the hype is about! DO! NOT! HESITATE!!! To swing by and check out this Rocket Bunny Widebody BRZ that we have parked here in our indoor 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
