Vehicle Description

Introducing the sleek and powerful Daix E - Scoot, a bike that will take you places in style and comfort. With its 800-watt motor power and maximum speed of about 21 miles per hour, the Daix E - Scoot is a true powerhouse on the road.

But that's not all - the Daix E - Scoot is also highly convenient. It can be charged on a regular household plug, and in just 7 hours, the batteries can be taken from empty to fully charged and ready for your next adventure.

The Daix E - Scoot is not just about performance and convenience - it's also designed with your comfort in mind. Its seating height of 730mm and ample ground clearance of 140mm ensure a comfortable and stable ride.

And with a range of about 25 miles, you can explore the world without worrying about running out of battery. Other features include front disk and rear drum brakes for maximum stopping and a standard USB and remote control.
