Interior:	Red Cloth
Transmission:	4-Speed Automatic
Mileage:	163,957
Drivetrain:	4 Wheel Drive

Step Back in Time and Take a Look at this 1994 Chevrolet Silverado K3500 Dually. This Truck is an Exceptionally Clean Example of a GMT-400 Crew Cab Truck and That Has Been Shown Very Good Care Over It's 30 Year Existence. The Silverado is Equipped with a 6.5 Diesel Engine that is Hooked to a 5 Speed Manual Transmission and the 4x4 System is Engaged via the Floor Mounted Shifter, the Rear Axle Ratio is a 4.10 with a G80 Rear Locking Differential. This Silverado is the 74th Victory

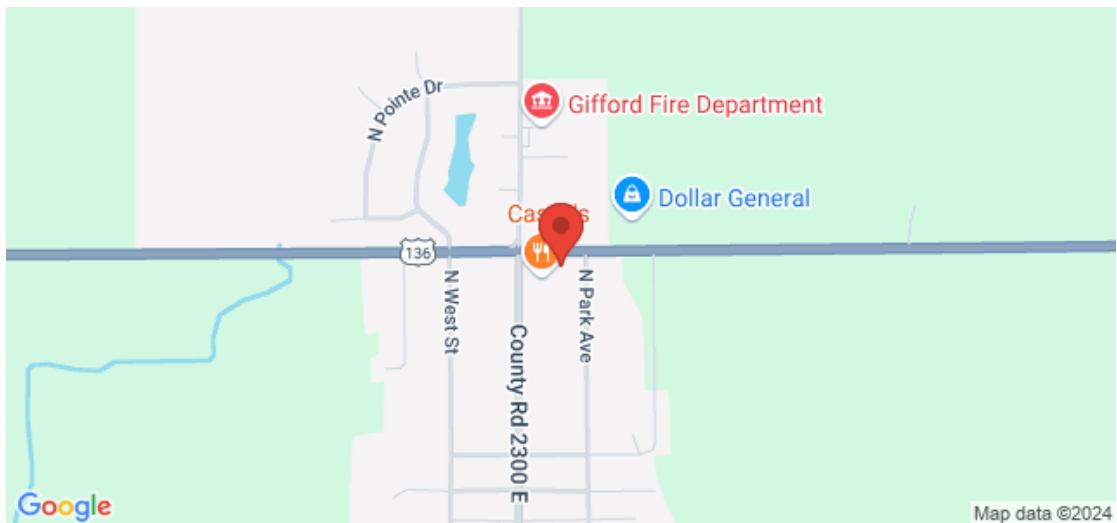

THIS Silverado IS the 740 Victory Red Paint Code and has the Garnet Red Cloth Interior with Upgraded Silverado Trim Package on the Interior and also Features a Set of High Back Front Bucket Seats. The Truck has been Upfitted with a Set of 16" Aftermarket Aluminum Wheels at Some Point, and they are Wrapped in a Like New Set of Trail Cutter A/T Tires. Overall this Truck Runs Great and Drives Out Nicely, Most All Features Work Exactly as They Should aside from the Cruise Control, and on Occasion the Check Engine Light Will Come and Go. It Does have a Newer Pair of Interstate Batteries Which Were Installed in 2023. The Air Conditioning Also Blows ICE Cold.

Per the AutoCheck Vehicle History Report, this Truck Originally Shows being Owned in Oregon from January of 1994 until November of 2018 at 141K Miles, Before Making It's Transition to the Midwest in 2019. The Truck Also Shows a Good History with Zero Accidents. The Victory Red Exterior Displays Nicely, but I Believe This Truck to be a

Repaint at Some Point During It's 30 Year Life, and If It Was Indeed a Repaint and Extremely Well Quality Job was Performed. The Body and Sheet Metal are Very Solid for being 30 Years Old, and the Underneath has Some Slight Rust on the Frame, but Nothing Severe by Any Means, I Actually Feel its in Exceptionally Nice Shape for It's Age, and I Prefer It This Way as You Can See the Originality of The Truck. I have Included Several Photos of Underneath and the Rocker Panels for You To See.

Overall this Truck Would be a Great Driving Truck as It Is, or This Would be an Excellent Canvas for the Start of a Show Truck or Custom Build as It's Still Very Solid. This Truck is Located at Trav's Automotive in Gifford, IL and We Can Assist Buyer's From All Across the Country! If You Have any Questions on This Truck, Don't Hesitate to Reach Out!
