Call, text, or message to setup an appointment to check out this 2021 Kawasaki NINJA 650. The bike is in exceptional condition with no visible signs of damage, and runs smoothly with just over 4,400 miles. We acquired the bike from State Farm Insurance and the accident report indicates that it was minor, gently tapped from the rear, resulting in only a broken tag bracket we replaced from our inspection. This occurred at a low speed, most likely at a red light. The bike was not laid down. We have recently serviced the bike, including an oil and filter change, chain tightening/lubrication, and a full detail. The bike is immaculately clean and requires nothing except a new rider. The original tires still have life left in them. It has passed the state inspection and is sold with an Alabama Rebuilt Title. It can be tagged, titled, and insured just like any other bike on the road.
