Vehicle Description

AutoPark Dallas is thrilled to offer you this 2015 Dodge Viper SRT for sale! The Dodge Viper undoubtedly holds an extremely special place in the enthusiast and muscle car community - ever since its inception way back in 1992 and all the way through the end of production in 2017. It's that end of production life cycle that has been part of the major driving force to create extremely high demand for these models, being the last generation of Viper produced, the 5th and FINAL generation!! This 2015 Viper SRT isn't your typical Viper however and is more of a wolf in sheep's clothing, as under the hood and body lie some extremely well done and meticulously planned upgrades. For starters an **Arrow Racing Cam Package** has been performed on the vehicle along with **Arrow Racing Heads** and **Arrow Racing Intakes** - and that's just the beginning - **Bellanger Headers & Exhaust** have been added to allow everything to flow and make a raucous riot of a noise, perfect for that cam! The **McLeod Twin Disc RXT 1200 Clutch Kit** has been fitted to handle the additional power, and a set of **CCW Drag Pack Wheels** allows the power to be put down exceptionally well, running currently on a set of **Mickey Thompson ET Street Tires**. The best part?! The previous owner had all of these upgrades performed with the intention of some serious performance driving, but never had the chance to really put the car to its intended use, so its never seen a track or a drag strip, and with **ONLY 5K MILES** on the odometer and a **CLEAN CARFAX**, the vehicle is in absolutely exceptional condition both inside and out!!! This is one Viper that you won't want to miss out on, as replicating this level of build not only costs serious dollars, but a healthy amount of time and patience waiting as well. Skip the waiting and the extra money out of pocket and come scoop this Viper up today before it's too late! DO! NOT! HESISTATE!!! To swing by and check out this Cammed Gen 5 Viper that we have parked here in our indoor 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
