Vehicle Description

Are you ready to experience the future of driving? Look no further than the 2016 Volkswagen e-Golf SEL Premium. With only 20,005 miles on the odometer, this electric vehicle is ready to take you on a journey like no other.

The sleek blue exterior of this e-Golf is sure to turn heads as you cruise down the road. But it's not just about looks - this car is powered by an 85KW 115HP electric engine with a 24.2kWh lithium-ion battery. That means you can say goodbye to gas stations and hello to saving money on fuel costs.

But the benefits of this e-Golf don't stop there. The automatic transmission makes for a smooth and effortless ride, while the SEL Premium package adds some impressive features. You'll enjoy the convenience of keyless entry, push-button start, and a power sunroof. Plus, the Fender premium audio system will make every drive feel like a concert.

Safety is also a top priority with the e-Golf. The SEL Premium package includes a rearview camera, blind spot monitoring, and forward collision warning with autonomous emergency braking. You can feel confident and secure on the road knowing that your e-Golf has your back.

But perhaps the best part of owning an e-Golf is the environmental impact. By driving an electric vehicle, you're reducing your carbon footprint and helping to create a cleaner, more sustainable future. And with the e-Golf's impressive range of up to 83 miles on a single charge, you can go about your day without worrying about running out of power.

Don't miss out on the opportunity to own this incredible 2016 Volkswagen e-Golf SEL Premium. With its low mileage, impressive features, and eco-friendly design, it's sure to sell quickly. Come take it for a test drive today and experience the future of driving for yourself.
