Black

24/38 City/Highway MPG

Reviews:

* If you love the performance feel of the BMW 5 Series, but not the firm ride and somewhat sterile interior, you'll likely be drawn to the 2014 Audi A6. Cutting-edge audio and electronics along with quattro all-wheel drive (AWD) make the A6 nearly irresistible, as does its impressive fuel economy. Source: KBB.com

* Finely finished interior; plenty of technology in the cabin; strong, supercharged V6; fuel-efficient four-cylinder and diesel engines; sporty handling. Source: Edmunds

* With its sharp lines, short overhangs, and fashion-defining touches like the optional LED headlights and standard LED taillights, the 2014 A6 has an undeniable presence. Yet looking beyond its great beauty also reveals great engineering, as the body features a drag coefficient of just 0.26, a wind-cheating figure that lets the A6 more easily slip through the air, paying dividends in quietness, fuel efficiency, and performance alike. The cabin of the A6 upholds the Audi tradition of blending style and class. Crisp instrumentation, tastefully contrasting colors, and aluminum door sill inlays create a warm, inviting ambience. Supple leather covers the surface of every seat in the house, and three-zone automatic climate control ensures that rear passengers remain almost as spoiled as those in the front, who also enjoy heated seats. The Audi A6 is proof of how optimizing every part can lead to a greater whole. Its 2.0L TFSI engine features turbocharging and Audi FSI direct injection, helping it keep pace with larger engine competitors while achieving superb mileage. The available 3.0L TFSI V6 engine stands ready with a 310hp rush and the Tiptronic automatic transmission features eight speeds, the highest in the luxury segment. Top it off with communicative steering, a firm yet comfortable ride, and the wet weather traction of Audi quattro all-wheel drive, the widespread praise of the A6 driving experi
