Interior:	Blue Cloth
Transmission:	Automatic
Mileage:	103,000
Drivetrain:	Rear Wheel Drive

Original California car! Purchased new in the Bay Area and used as a daily driver until 1999 by the original owners. Due to a death in the family the car went to the son who proceeded to restore the car around the mid-2000s. Shortly thereafter the car went to another local couple who only used it for car shows until selling it to the current owner to purchase a motorhome about 4 years ago.

The restoration was pretty much top to bottom. Super straight body was repainted in the original silver blue exterior. Interior was redone in a blue cloth. All gauges work. Windows all work as they should. 318 engine was rebuilt to better than stock specs and now sports 2 4bbl carbs, headers, etc. Automatic transmission was rebuilt. Engine and transmission both work great. Power front disc brakes and steering.

This car runs and drives excellent. It has won many shows and is still in show ready condition. Clean California title in-hand. True miles unknown.
