Vehicle Description

AutoPark Dallas is thrilled to offer you this 2006 Ferrari F430 Spider for sale! When Ferrari released the F430 as the V8 replacement for the outgoing Ferrari 360 model, they were a company at the pinnacle of their motorsport F1 career, winning championships with the likes of Michael Schumacher - a proud accomplishment identified on the passenger dashboard of every F430 produced! Ferraris dominance of Formula One certainly trickled down into their road cars, with the F430 proving to be one of the best Ferrari road cars to date with a lightning fast F1 gearbox and a road presence and drive ability far exceeding the outgoing F360. This particular F430 has been modified by prior ownership to become an extremely unique offering. Wrapped in a **Matte Gray Exterior** film across the entire vehicle, with **Grigio Silverstone** (silver) paint underneath, and a two-tone **Black/Red Leather Interior**, this Spider stands out and commands attention. Then there's the sound, with a full **Titanium Exhaust** and **Titanium Headers** screaming the **Naturally Aspirated V8 Engine** into your eardrums. Exterior additions have been added as well with a **Front Splitter**, **Front Bumper Canards**, Side Skirts, and a **Rear Wing**. From the factory the vehicle came well equipped **Daytona Seats** and **Carbon Ceramic Brakes**, not to mention all of the **Carbon Fiber Interior** options you could equip - even **HiFi Sound** and the **Scuderia Ferrari Fender Shields** were optioned. Needless to say, this is one F430 Spider that is guaranteed to capture the Italian passion you've been looking for in your next exotic! DO! NOT! HESITATE!!! To swing by and check out this Modified F430 Spider that we have parked here in our indoor 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
