Beautiful Ron Fellows Edition Z06 with a Perfect CarFax! This one has it all; the original Ron Fellows signatures, the paperwork, the original window sticker, the original windshield banner, and is in finite showroom condition with all documentation.

Chevrolet was searching for a way to honor the leading racer from around the globe with a new limited-edition Corvette Z06 that finally arrived in 2007, built to commemorate this significantly accomplished man who was the one and only Canadian racing driver Ron Fellows. Ron's accomplishments were significant with three consecutive American Le Mans Series (ALMS) GTS Drivers' Championships from 2002-2004 that marked the marque's triumph in the 2007 ALMS GT1 Championship.

The "Ron Fellows ALMS GT1 Championship Edition Corvette Z06," or Ron Fellows Edition for short, was finished in Arctic White and adorned with red hash marks on the front fenders, closely resembling Fellows' red-and-white liveried GT1 race car. Inside, the cabin of each Ron Fellows Edition Z06 was trimmed in Ebony and Red two-tone leather and detailed with Fellows' signature on the inner

center console lid.

Only 399 of these special edition Z06s were produced, with approximately 366 delivered to the US, making them an exceedingly rare variant of Corvette's highest-performance offering.

RFALMSGT1 Z06 features chrome wheels, a low-profile rear spoiler, and a windshield banner. The Fellows Z06 Vette is also the first Z06 to wear Arctic White paint, which is in turn adorned with red-and-silver hash-style stripes on the front fenders that recall those on the Corvette GT1 racecar that Fellows has driven to victory. The red-and-white paint scheme, to say nothing of the maple leaf logo incorporated into the graphics, make Fellows' nationality rather obvious. Fellows' autograph can be found on one of the fender stripes.

The original MSRP was \$77,500 (\$79,945 if you specify navigation and OnStar, the only two options), this Z06 costs \$7,500 more than the standard-fare Z06. One of the lowest limited edition production numbers with only 399 Fellows Z06s produced (only 33 of which are heading to Canada).

Other unique features include the full-width racing spoiler and a unique windshield banner. Additional standard equipment

includes the well-equipped 2LZ package and chrome wheels. Special interior appointments include: -Red seats, a center console, door panels, and an instrument panel. Also, was a Red, leather-covered armrest with a Corvette signature 'cross flags' logo that is hand-signed and numbered by Ron Fellows

-Tech pattern interior trim

LS7 505HP

This Ron Fellows Corvette Z06 comes equipped with the 2LZ Premium Option Package, 6-speed manual transmission, Two-Tone interior, Bose Navigation Stereo, power windows, power locks, power mirrors, sport bucket seats, keyless entry, and Z06 Chrome Wheels. It is in excellent showroom condition and has been highly maintained.
