Low miles on this motor - previous owner paid \$32K to have this put in right before selling. Due to changing California Emission Laws this truck rig could no longer be registered in the State. This truck made its way to us in 13hrs where we installed the tarp system, bumper, rear fenders, fully detailed/ polished/ serviced. We also sandblasted and painted the frame, installed new lug nut and hub covers and tightened up the hydraulic/ hoist system. This truck will offer tons of years of service for you and be reliable along the way.
