Vehicle Description

2007 L322 Range Rover Supercharged - Exceptional Condition

This 2007 L322 Range Rover, equipped with the reliable 4.2L Supercharged V8 engine, is one of the best examples of the L322 body style. Known for its reliability, this engine is far superior to the newer 5.0L V8 with its timing chain and cooling issues. If you're looking for a luxurious, capable SUV with a proven history, this is your vehicle!

Key Features and Information:

- Engine: 4.2L Supercharged V8 – known for being the most reliable in the L322 lineup.

- Headliner: Already replaced, addressing a common issue with these vehicles.

Luxury and Convenience Features:

- Luxury Package: Packed with premium features for ultimate comfort.

- Upgraded Backup Camera: A must-have upgrade for added safety and convenience.
- Heated and Cooled Seats: Stay comfortable in any weather.
- Xenon Headlights: Improved visibility and style.
- Factory Power Retractable Running Boards: A rare option that adds convenience and style.

Additional Information:

- Minor Rear Bumper Damage: A small damage entry reported to CARFAX – third-party inspections are welcome.
- Protection: Front clear bra protection film installed by the previous owner.

Important Notes:

- Financing: This is not a car for someone on a tight budget. These older L322 models are difficult to finance due to low KBB values. We typically sell them for cash to buyers who can afford them.
- Financing Appointments: Please contact us prior if you are looking for financing. All other financing appointments will be canceled.
- Mileage: Mileage may increase slightly as we regularly drive this car.

This L322 Range Rover offers an incredible combination of luxury, performance, and reliability, making it one of the best options for anyone looking for a premium SUV. Act quickly as these vehicles are becoming increasingly rare, especially in this condition!
