1274 Travel Trailer w/Pop-Out Tent

May be an oldy but definitely a goodie!! This little guy is in tip-top shape, like *tip-top shape*. PDI done, everything works, bearings are lubed, and tires are fresh. No marks or damage, no real wear marks. Decals, perfect. Not sure how that is even possible, but here he is and he's rearing to go. It's really incredible this thing is in such great condition! Can't believe it. The last owners sure did love him.

Let's Talk Options

When you first walk in, you immediately compare it to the Lance 1475 and notice the bed was replaced with a huge dining area. You think, oh cool, it has more usable "day" space, nice. Then you turn around to see the full-sized bed deliciously placed to enjoy the fresh night air. It's then, at that moment, you realize what an utterly capable little buggy this is and imagine all the nooks and crannies you'll be able to get into. But you'll have to be the judge.
