## Vehicle Description

AutoPark Dallas is thrilled to offer you this Supercharged 2017 Ford Mustang Shelby GT350 with KOOKS Headers for sale! You already know the beauty of Ford's 5.2L V8 "VooDoo" Engine that is the heart of these Stallions, pushing a crazy 526 horses without the assistance of anything else just pure motor. For some that is enough, but for the daring and speed chasers how about slapping a **ProCharger Stage II Intercooled Supercharger Tuner Kit** under the hood that has the potential for a 67% increase of horsepower. That is right, **ProCharger's P-1SC-1 Supercharger** under the hood of this Mustang has INSANE potential for some crazy dyno numbers, but our GT350 here at APD has been kept tamed! Allows those who desire more to easily obtain that more or keep it the way it is and know you always have that possibility! What you do have around the clock is those **KOOKS Long-Tube Headers** singing notes of harmony from the start up to the pedal hitting the metal, cracking smiles across your face and every fellow enthusiast! DO! NOT! HESITATE!!! This SICK Shelby GT350 is a Stallion searching for a new home, but for now is parked here in our indoor 16,000 Sq Ft Showroom located in Dallas , Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
