Nice Interior
(1) 120 Gallon Fuel Tank
Full Fenders
Trailer Connections - Including Wet Lines

Tons of work has been put into this roll off truck. It was bought from a well run hauling business in Phoenix, AZ. The truck had new batteries, injector work, power steering pump & engine wiring harness all done at a certified Cummins shop. We also installed a new bumper, windshield, tarp system, rear full fenders, seat, blower motor, trim & dash parts, hoist rollers, hydraulic & fluids and more. All said and done we invested \$34K into this rig after purchase so you won't have to. We love selling a truck just like this (so it is worth it): single owner, desert owned, Cummins, pre 2007, roll off...
