Step into the future of driving with our stunning 2013 Nissan LEAF S, a paragon of eco-friendly innovation and modern design. With a mere 74,524 miles on the odometer, this silver beauty is primed to deliver a driving experience that's as smooth as it is environmentally conscious. The sleek black interior not only offers a sophisticated aesthetic but also cradles you in comfort and advanced technology.

At the heart of this electric marvel is a potent 107hp electric motor, producing a robust 187 ft-lbs of instant torque that ensures a responsive and exhilarating ride every time you press the accelerator. Say goodbye to traditional gas stations and hello to efficient, cost-effective commuting with the LEAF's seamless 1-Speed Direct-Drive Automatic transmission, which provides an effortlessly smooth drive without the need for gear changes.

The Nissan LEAF S doesn't just lead the charge in performance; it's also a beacon of convenience and safety. The rear window defogger and solar-tinted glass keep visibility crystal clear, while the intermittent rear wiper ensures clarity even in inclement weather. Power windows and variable intermittent front wipers add to the ease of use, making your drive comfortable in any condition.

Safety is paramount, and the LEAF S excels with its comprehensive Tire Pressure Monitoring System, alerting you to maintain optimal tire health for a safer ride. The included spare tire kit with an inflator ensures you're prepared for any situation, while the heated side mirrors offer clear rear views even on frosty mornings. The sleek roofline rear spoiler isn't just for show; it enhances aerodynamics, contributing to the vehicle's efficiency.

Aesthetic touches like the body-color mirror and front bumper, along with the chrome door handles, add a touch of elegance to this already stylish vehicle. The LEAF S isn't just about looks, though; it's packed with technology to keep you connected and entertained. Bluetooth wireless data link keeps your devices synced for hands-free calls and streaming, while the SiriusXM satellite radio and MP3 Playback capabilities mean your favorite tunes and talk shows are always at your fingertips.

As a Kelley Blue Book's Top 10 Green Cars awardee, the 2013 Nissan LEAF S is not just a car; it's a statement—a commitment to greener, more sustainable driving without sacrificing style or comfort. Imagine the feeling of driving past gas stations with a smile, knowing you're part of a cleaner future.

This 2013 Nissan LEAF S is more than just a vehicle; it's a lifestyle choice for the discerning driver who values innovation, efficiency, and sustainability. Don't miss the opportunity to own a piece of the future today. Contact us to schedule a test drive and experience the electric revolution in its most elegant form. Your journey into the new era of driving begins with the Nissan LEAF S.
