Vehicle Description

AutoPark Dallas is thrilled to offer you this 2006 Subaru Impreza WRX STI for sale! The Subaru Impreza WRX STI is the poster car of JDM enthusiast performance - the attainable kind at least - the car that every gamer worked hard to try and get. A rally icon in it's own right, finding clean and unmolested examples on the market has become increasingly difficult as the years have gone by! This beautiful **Hawkeye STI** comes in hands down the best color for the vehicle with **World Rally Blue** paint proudly showing the Subaru heritage, a perfect compliment to the Black/Blue interior. The Hawkeye, only being produced two years (2006-2007) is possibly the most sought after generation, equipped with the **2.5L EJ257 Engine**, a motor that would see out its life throughout generations to come, truly standing the test of time! This particular example came equipped from the factory with a few rather rare options in the form of the **OEM Lamco Boost Gauge**, as well as an **OEM Roof Spoiler** - options not often seen on these GD STI models. The vehicle remains relatively untouched on the engine, with only a **Blow Off Valve** and **Modified Exhaust** installed, coupled with a **JDM Strut Tower Brace** under the hood for added front end grip and stability. With a few JDM body modifications, it certainly looks the part straight out of Japan as well, beautifully complimenting the absolute beast of a driving experience. Don't miss your opportunity to put one of the JDM icons into your garage today before they skyrocket even more in pricing! DO! NOT! HESISTATE!!! To swing by and check out this Hawkeye WRX STI that we have parked here in our indoor 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
